Keep Right On - Traditional Narrowboat

Price: £57,000

Key Features

Berths:	4
Length & Type:	57ft Narrowboat
Year:	2004

Description

Step aboard Keep Right On, a beautifully crafted 57ft traditional narrowboat, built by Mike Christian and expertly fitted out by Brayzel Narrowboats. With its classic charm, cosy interiors, and thoughtful layout, this boat offers a perfect balance of traditional craftsmanship and modern convenience, creating an inviting space for living, relaxing, and exploring the waterways.

From the moment you step inside, Keep Right On feels like home. The oak tongue and groove walls and ceilings with oak trim exude warmth and timeless elegance, while large windows flood the space with natural light. Every detail has been carefully considered to create a homely, functional living environment, whether you're cruising the canals or moored in your favourite spot.

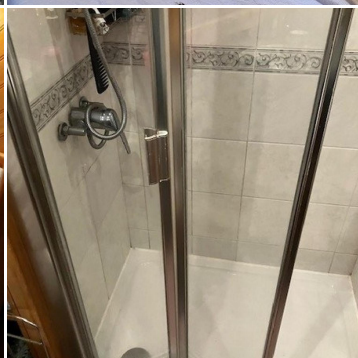

The galley kitchen is both practical and inviting. High-quality appliances, including a Belling 4-burner gas hob and cooker, Bosch fridge, and Bosch freezer, make cooking onboard simple and enjoyable. Ample cupboard space keeps everything tidy and organized, while the layout ensures every inch is used effectively.

The saloon serves as the heart of the home, offering a warm and welcoming space to relax. The sofa bed provides seating during the day and converts into an additional sleeping area at night. A Bubble stove creates a cosy focal point, while radiators ensure year-round warmth. Clever storage solutions make it easy to keep the space tidy and functional.

The master bedroom is designed for relaxation and comfort. A full-size fixed double bed ensures a restful night's sleep, with under-bed storage, two wardrobes, two bedside tables, and over-bed storage cabinets providing ample space for your belongings. Fresh carpeting, fitted in December 2024, adds an extra layer of comfort.

The bathroom combines functionality with comfort, featuring a full-size walk-in shower, a Thetford cassette toilet with three cassettes, and a wash hand basin vanity unit. The space feels clean, modern, and well-organized.

With its cosy interiors, smart layout, and timeless finishes, Keep Right On offers everything you need for life afloat. Whether you're cruising scenic canals, moored in a peaceful marina, or enjoying time with friends and family onboard, this boat provides a space where memories are made.
